Maya Health Club

Project Number: 5

Date: 30th August 2026

Location: Matya Festival Procession Route

Collaborated with: Rotaract Club of Jawalakhel Manjushree and Rotaract Clubs of Zone 12

Specified Committee: Community

Area of Focus: Community Health, Service and Collaboration

Introduction:

The Interact Club of Ullens IBDP participated in the Matya Health Camp 2026 as a Supporting Partner. The health camp was organized by the Rotaract Club of Jawalakhel Manjushree, in collaboration with the Rotaract Clubs of Zone 12, to provide basic health and wellbeing support to devotees participating in the traditional Matya festival.

The initiative aimed to ensure that participants had access to essential support throughout the procession while promoting community service and collaboration between Interact and Rotaract clubs.

Project Summary:

As part of the health camp, Interact Club members supported devotees along the procession route by assisting with the distribution of drinking water and electrolytes to help participants stay hydrated. The camp also provided first aid, basic medical support, and foot-care services for devotees who required assistance during the procession.

Members worked alongside Rotaract volunteers and other organizers to help maintain the health camp and support participants throughout the event. Their involvement provided an opportunity for students to actively contribute to a large community initiative and understand the importance of accessible health and wellbeing support during public religious and cultural events.

The project also strengthened the relationship between the Interact Club of Ullens IBDP and its sister club, the Rotaract Club of Jawalakhel Manjushree. Working together allowed members of both clubs to coordinate their efforts toward a shared community-service objective.

Feedback from Participants and Members:

The health camp provided essential support to devotees participating in the Matya procession and was positively received by those who made use of the available services.
