

Heavyrainfall Awareness video

Project Name: Heavy Rainfall Awareness
Video

Project Number: 5

Date: September 25, 2026

Location: Online / Social Media

Area of Focus: Community Service / Disaster
Preparedness

About "Heavy Rainfall Awareness Video"

Introduction

The Interact Club of Orchid School conducted a Heavy Rainfall Awareness initiative to spread awareness about the safety measures and precautions that should be followed during periods of heavy and continuous rainfall. The initiative was organized to help people stay informed, cautious, and prepared for possible risks associated with heavy rainfall.

Summary

The main objective of the initiative was to educate the public about essential safety measures during heavy rainfall and encourage responsible actions to ensure personal and community safety. The club created an informative awareness video highlighting important precautions and practical safety measures to follow during continuous rainfall. The video was shared through social media to reach a wider audience and provide timely information. Through this initiative, the club successfully promoted awareness, preparedness, and safety among viewers during adverse weather conditions.
