Introduction

The book talk event was held on 19 September 2026 to bring young readers together and create a platform for sharing ideas,experiences and love for literature. The event was organized with the purpose of encouraging reading habits while also providing participants with an opportunity to improve their communication and presentation skills. The event also aimed to strengthen cooperation and fellowship among different Interact Clubs through a shared educational and literary activity.

The collaboration between different Interact Clubs added a special aspect to the event. It provided an opportunity for members from different clubs to meet, interact, exchange ideas, and build stronger fellowship while taking part in an educational activity.Participants from different clubs presented books of their choice and shared their thoughts about them.They talked about the storyline, characters, themes, important messages,and meaningful.Some participants also shared personal experiences and lessons they gained from reading their selected books.Members from different clubs exchanged recommendations, asked questions, and shared their own opinions.

The event was successfully completed with active participation from members of the collaborating clubs. Participants had the opportunity to discover new books, learn from one another, and gain confidence in speaking and presenting their ideas.
