About ‘ Fellowship Carnival’

Introduction:

To celebrate Dashain and build stronger ties across our zone, We participated on the event hosted by Interact Club of Pokhara Lakeside "Fellowship Carnival" alongside all Zone 3 clubs. The event brought Interactors together for a day of great fellowship, sharing recent club activities and event descriptions, exchanging letterheads for future collaborations, receiving festive tika blessings, and enjoying fun games together.

Project Summary:

We gathered alongside Interactors from all Zone 3 clubs for a day dedicated to zonal unity and fellowship. Presidents officially exchanged letterheads and shared summaries of their clubs' recent activities and upcoming projects to pave the way for future joint initiatives. We then celebrated Dashain together with festive tika blessings before jumping into fun informal sessions and fellowship as the name suggests.

The main impacts/objectives of the event are as follows:

1.Promote Collaboration: Exchange official letterheads and discuss club activities to set up joint initiatives across Zone 3.

2. Celebrate Tradition: Share the festive spirit of Dashain by putting tika and exchanging blessings among attending Interactors.

3.Build Zonal Fellowship: Connect members from different clubs through shared events, Informal session and the chance to know eachother.

Conclusion:

Overall, The Fellowship Carnival was a wonderful celebration of fellowship, culture, and teamwork. By connecting all Zone 3 clubs through letterhead exchanges, shared project ideas, traditional Dashain tika. This event successfully strengthened our bonds and set the stage for great inter-club collaborations ahead.

Feedback of the attendees

1.“Exchanging letterheads and celebrating Dashain with tika alongside Interactors from all over Zone 3 made this event truly special and unifying.”(Itr. Prerika Baral)

2. "The host club did an amazing job organizing the event. It was a wonderful opportunity to connect with peers from neighboring clubs!"
