Through this collaborative march, youth leaders and senior Rotarians engaged local residents and commuters, raising awareness about how important childhood vaccines are in wiping out polio for good and also the vital importance of routine childhood immunization, and continued support for global eradication efforts.

The event provided an opportunity for young leaders from Rotract and Interact to come together beyond organizational boundaries and spread awareness of ending polio.

The presence of presidents of all organized clubs added significance to the event and encourage the participants to continue spread the education and awareness to end polio together. The joint participation of Rotary and Interact members reflected the spirit of teamwork and fellowship that forms an important part of Rotary service.

The organizers expressed their sincere gratitude to all participating clubs, local community members, and volunteers who contributed to making the event a resounding success.

Feedback:

Hon. Member of Parliament Lekhjunga Thapa said that "I appreciate the Rotary Clubs and Interact Club for organizing this World Polio Day awareness rally. Such initiatives play an important role in promoting polio vaccination awareness and building a healthier, polio-free society."
