

Colours Of Change

Project No.1

Date: 11th July, 2026

Location: Dhumbarahi Children's Library

Specified Committee: Community Service

Area of Focus: Education and Literacy

Introduction:

To celebrate the 2nd Anniversary of the Dhumbarahi Children's Library, the Interact Club of Rato Bangala School was invited to organize interactive activities for the children attending the celebration. As part of the event, the club conducted a story writing session and a drawing competition, providing children with an enjoyable platform to express their creativity and imagination. The project aimed to encourage creative thinking, build confidence in self-expression, and create a fun and engaging learning experience for young participants while contributing to the library's anniversary celebration.

Project Summary:

During the story writing session, children were provided with a story skeleton that outlined the basic plot and were encouraged to use their imagination to develop and complete the story in their own unique way. This allowed each participant to express their creativity while exploring different ideas and storytelling styles. Alongside this, a drawing competition was held, where children enthusiastically created artwork based on their own imagination and interpretation. The activities saw active participation and created a fun, engaging, and encouraging environment for the children. At the end of the drawing competition, winners were selected and awarded certificates and small gifts in recognition of their creativity and effort. Overall, the project not only provided an enjoyable and meaningful experience for the children but also allowed club members to interact with them, encourage their talents, and contribute to a memorable celebration of the library's anniversary.
